DATA ISSUE NUMBER 3

Teacher Candidate versus Program Completer

Teacher Candidate definition - To earn an initial teaching certification in the state of Maryland, teaching candidates must meet the following requirements: complete coursework (bachelor's or otherwise), complete a Maryland Approved Program, pass the required exams (e.g., PRAXIS), and submit a Maryland teaching credential application.

Program Completer definition - A person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

MAC2 Maryland Approved Program Completer System (MAPCS)

One record per student per completion of a Maryland State Approved Professional Education Program submitted 1 time per year.

This collection should contain data on students who complete a Maryland State Approved Professional Education Program (degree and non-degree) in the collection period.

A flag that indicates whether or not the MAPCS data is associated with a DIS record that was reported for the same student from the same institution for the aligned collection year. The DIS cycle runs from July 1 to June 30 of each year but the MAPCS cycle runs from September 1 to August 31. For cases where the program completer earns a degree after the corresponding DIS file collection closes (e.g. August 15, 2018), include the record in MAPCS but use the code "2" for the Match Flag because the record IS NOT in the 2018 DIS file.
